

REVISED	DATE	BY
		JEB

Note: ALL DIMENSIONS SHOWN ARE NOMINAL. Actual float dimensions may vary slightly due to shrinkage/expansion variables in the manufacturing process. These measurements are not intended for use as a template for final bolt patterns. wait untill you have the actual float on hand before calculating attachment points on your dock

Common technical specs.		
Max buoyancy :	1563 LB'S	
Nominal wall thickness :	0.15"	
Cubic feet:	28.0 FT ³	
Weight:	74 LB.'s	
DRAWN BY : JEB		
APPROVED BY :		DATE: 10-02-2014
Materials: Polyethylene encasing Expanded Foam		Type:
Part Name: 42"x72"x16"		
AutoCad 2010	PART # : EF427216	1 of 1
